

July 18, St. Cloud, 1pm to 4pm

St Cloud Technical College SCTC 1-240, 1540 Northway Drive, St. Cloud, 56303

TO BE ANNOUNCED SOON - Twin Cities location date

- Please join AgriGrowth and partners at one or more of our four Regional Workforce Sessions and learn about strategies and labor tools already being used to attract, recruit and retain talent, with an emphasis on agriculture and manufacturing. You can even set-up your job exchange employer profile account (receive promo code for doing so) while you are there.

This half-day workshop will provide access to:

- Organizations already employing innovative labor tools and strategies
- Relevant content through a series of brief workshops
- One-on-one hands-on assistance with utilizing the Job Exchange (computers on-site)
- Direct access to labor market tools
- Opportunity to talk with professional from:
 - MN Department of Labor & Industry
 - University of Minnesota CFANS Career Services
 - MN State Colleges and Universities Career and Employment Services
 - Workfountain, the AgriGrowth Job Exchange software developer
 - Realtime Talent & Workfountain leadership and staff

WHO SHOULD PARTICIPATE:

Business leaders, hiring managers, HR professionals, operations managers, career services & faculty

PROGRAM

- **Welcome & Job Exchange Overview** - Mary Kay Delvo, AgriGrowth
- **Agricultural Labor Market Overview** - Sandee Joppa, RealTime Talent Executive Director
- **Capture Your Candidates' Attention: Multiple Generations in the Workplace**
Mary Kay Delvo, INspiring SIGHT & Sara Newberg, U of M CFANS, Career Services

Break - refreshments and direct access to the job exchange portal

- **Demonstration of Realtime Talent Exchange**, Dave Kornecki, Exchange, Program Manager
- **Leverage your Employer Relationship with Educational Systems**, Keith Olander & Judy Barka, AgCentric; Brad Schloesser, Southern Center for Agriculture
- **Introduction to Dual Training & How-to Set-up and Agricultural Internship**, Leslie Philomon & Janell Westveer, MN Department of Labor & Industry; Pipeline Project
